Prowinch Manual Chain Hoist

All of our **Manual Chain Hoists** are created with the goal of offering the best price-performance ratio. Key components such as lifespan factors are constantly tested and improved in order to offer the best product for the price.

Overload Protection System

The built-in **overload protection system** helps prevent the operator from accidentally damaging the hoist by lifting a load higher than the rated capacity. When the overload protection is activated while lifting, the hoist will only be able to be lowered by the operator.

Braking System

The reliable disc brake system is tested at 125% of the hoist capacity.
